Ongezeko hili la thamani ya Mfuko linatokana na imani ya wawekezaji pamoja na kueleweka kwa elimu inayotolewa kuhusu faida za mfuko ya uwekezaji wa pamoja.

6.2 Ilielezwa kwamba wakati Dunia inazidi kupata ahueni juu ya athari za UVIKO 19 na madhara ya vita vya Ukraine pamoja na uchumi, taarifa kwa mujibu wa machapisho ya Ofisi ya Taifa ya Takwimu, pato la taifa (Gross Domestic Product) lilikua kwa asilimia 4.7 kwa mwaka 2022 na kiwango cha asilimia 5.4 katika kipindi cha robo mwaka ya kwanza na ya pili ya mwaka 2023. Ukuaji uchumi wa Tanzania umekuwa ni zaidi ya ukuaji katika nchi za ukanda wa Jangwa la Sahara na nchi za ukanda wa Ushirikiano wa Maendeleo Kusini mwa Afrika (SADC) ambao ni asilimia 3.5. Kwa mujibu wa taarifa za Benki Kuu ya Tanzania, kipindi cha robo mwaka kilichoishia tarehe 30 Juni, 2023, mfumuko wa bei ulikuwa asilimia 4.0, ikilinganishwa na wastani wa asilimia 12.6 kwa nchi za Afrika Mashariki na asilimia 17.1 kwa nchi za ukanda wa SADC. Kwa kipindi cha mwaka mmoja uliopita, viwango vya riba katika soko havikubadilika sana, ikiashiria uimara wa soko kwa ujumla. Kwa upande mwingine, thamani ya Shilingi ya Tanzania dhidi ya Dola

ya Marekani ilipungua kidogo kwa kiwango cha asilimia 1.0 na kuongezeka thamani dhidi ya fedha za baadhi ya nchi za Afrika Mashariki kwa viwango vya hadi asilimia 15.0

Katika kipindi cha mwaka kilichoishia tarehe 30 Juni 2023, kumekuwa na ongezeko la asilimia 4.1 ambapo iliongezeka toka 3,928.5 tarehe 30 Juni 2022 hadi 4,091.8 tarehe 30 Juni 2023. Ongezeko hilo ni chini ya lile la tarehe 30 Juni 2022 ambalo lilikuwa ni asilimia 7.5. hii inamaanisha kuwa, kwa kipindi cha mwaka ulioishia tarehe 30 Juni 2023, bei za Hisa kwa ujumla ziliongezeka japo kwa kiwango kidogo ikilinganishwa na mwaka uliopita. Sababu za kupanda kwa bei za Hisa kulichagizwa na utendaji mzuri wa Kampuni zilizoorodheshwa katika Soko la Hisa la Dar es Salaam, kuongezeka imani kwa wawekezaji wa ndani na wan nje ya nchi na kuborehwa kwa mazingira ya uwekezaji hapa nchini. ## 10.0 TAARIFA YA MENEJA WA MFUKO KUHUSU UWEKEZAJI

Mkurugenzi wa Idara ya Uwekezaji ya Kampuni ya Uwekezaji ya UTT AMIS aliwasilisha Taarifa ya Meneja kuhusu uwekezaji katika kipindi cha mwaka wa fedha ulioishia tarehe 30 Juni, 2023.

10.1 Taarifa ilieleza kuwa, Mfuko wa Hatifungani ulianzishwa mwezi septemba 2019 na hutoa fursa kwa wawekezaji kupata gawio, mwekezaji huchagua mojawapo kati ya aina tatu za mpango wa gawio (a) Gawio la kila mwezi (b) Gawio la kila nusu mwaka (c) Kukuza mtaji. Mahitaji ya awali ya uwekezaji ni shilingi elfu Hamsini(50,000/=) na kiwango cha nyongeza kisichopungua shilingi elfu tano (5,000/=) kwa wawekezaji wenye mpango wa kukuza mtaji tu. Mwekezaji anaruhusiwa kuchukua fedha zake wakati wowote anaohitaji na bila kutozwa gharama za kutolea [exit load], hivyo kudhirisha kuwa mfuko wa Hatifungani ni fursa maridhawa kwa wawekezaji.

10.2 Taarifa hiyo iliainisha mgawanyo wa uwekezaji wa Mfuko wa Hatifungani ambapo ilieleza kuwa Kampuni ya Uwekezaji ya UTT AMIS ilitumia uzoefu na weledi katika kufikia mgawanyo wa rasilimali kwenye uwekezaji wake wenye kuleta tija huku ikizingatia sera na miongozo mbalimbali inayotumiwa katika uwekezaji. Taarifa ilieleza kwamba hadi kufikia tarehe 30 Juni 2023 mgawanyo wa rasilimali za Mfuko ilikuwa kama ifuatavyo: asilimia 98.01 ziliwekezwa kwenye dhamana za serikali za muda mrefu, asilimia 1.98 ziliwekezwa katika amana za benki za muda maalumu na asilimia 0.01 katika amana na benki za muda mfupi. Hali ya utendaji wa mfuko ni nzuri na shindani ikilinganishwa na kigezo cha ufanisi na maeneo linganifu ambapo kwa mwaka 2023 faida ni asilimia 12.3 ikilinganishwa na asilimia 9.7. Mwasilishaji alieleza kwa kipindi hicho kiwango cha faida kilipungua kutoka asilimia 14.9 hadi asilimia 12.3. Aidha sababu ya kupungua ilielezwa kuwa ni kutokana na kupungua kwa viwango vya faida sokoni.

10.3 Taarifa iliendelea kueleza kwamba ni muhimu kufahamu kwamba Mfuko wa Hatifungani unaruhusu wanachama wake kuuza vipande

- vya wakati wowote hivyo kumpa fursa mwekezaji kupata fedha pindi anapozihitaji. Faida ya Mfuko inatolewa sawa kwa wawekezaji wote ikijumuisha wawekezaji wa kipato kidogo, wa kipato cha kati na wale wenye kipato kikubwa. Taarifa ilieleza kuwa viwango vya faida na ulinganifu kwenye maeneo mengine ya Uwekezaji.
- 10.4 Ilielezwa pia kwamba mwenendo wa uchumi wa Tanzania umekua stahimilivu na imara. Kwa mwaka 2022 uchumi ulikua kwa kiwango cha asilimia 4.7, ikilinganishwa na kiwango cha asilimia 4.9 mwaka 2021. Hata hivyo, kilimo, Ujenzi na Madini vilikuwa vichocheo vikubwa kwa ukuaji wa uchumi katika kipindi hicho. Uchumi kwa mwaka 2023 unakadiriwa kuongezeka kwa asilimia 5.2, ukichagizwa na kufufuliwa kwa shughuli za kiuchumi hususani uwekezaji kwenye sekta ya umma na binafsi nchini. Pato la taifa hutafsiri kiwango na shughuli za uchumi katika nchi. Hali imara na stahimilivu juu ya mwenendo wa uchumi nchini ni muhimu kwa Mifuko ya uwekezaji wa Pamoja inayosimamiwa na UTT AMIS na maeneo mengine ya uwekezaji nchini. Uchumi imara husaidia na kuimarisha thamani ya uwekezaji na huvutia wawekezaji wa ndani na nje ya nchi. Kwa upande wa Mfumuko wa bei nchini hadi kufikia tarehe 30 Juni 2023 ni asilimia 3.6 ikilinganishwa na asilimia 4.4 iliyonakiliwa tarehe 30 Juni 2022. Kupungua kwa mfumuko wa bei nchini kunaashiria gharama za bidhaa na huduma mbalimbali zilipungua kwa mwaka ulioishia Juni 2023 ikilinganishwa na kasi iliyokuwepo Juni 2022. Hivyo basi hali ya uchumi na mwenendo wa mfumuko wa bei ni stahimilivu kiasi ambacho kimwezesha wawekezaji kwenye mifuko ya uwekezaji kuwekeza kwa wingi. UTT AMIS inajitahidi kuwekeza kwenye maeneo yanayotoa faida shindani kuliko kiwango cha mfumuko wa bei.
- 10.5 Kwa upande wa sekta ya benki, kwa kipindi cha mwaka kilichoishia tarehe 30 Juni 2023, utendaji kwa sekta ya benki nchini imeendelea kuwa stahimilivu na yenye faida. Jumla ya rasilimali ziliongezeka kutoka shilingi trilioni 45.7 mwaka 2022 hadi shilingi trilioni 53.7 Juni 2023, ongezeko kwenye rasilimali ni shilingi trilioni 8.0, sawa na asilimia 17.5. Jumla ya amana kwenye benki iliongezeka kwa shilingi trilioni 5.7 sawa na asilimia 20.3 kutoka shilingi trilioni 28.0 Juni 2022 hadi shilingi trilioni 33.7 Juni 2023. Kwa upande wa mikopo imefikia shilingi trilioni 31.5, sawa na asilimia 21.6 ikilinganishwa na shilingi trilioni 25.9 mwaka uliopita. Ongezeko kwenye kiwango cha mikopo kilisababishwa na kupungua kwa masharti na viashiria vya hatari miongoni mwa wateja. Hata hivyo, viashiria vya hatari kwenye mikopo ya wateja wadogo na Taasisi zisizo za kifedha vilipungua ikilinganishwa na mwaka uliopita. Kuimarika kwa sekta ya benki ni muhimu kwa mifuko ya uwekezaji wa pamoja na uchumi kwa ujumla kwani huduma zitolewazo na benki huchochea ufanisi kwenye uchumi. Aidha, hadi tarehe 30 Juni 2023 UTT AMIS imweza kuunganisha mifumo na benki ili kuwezesha wawekezaji kununua vipande kidigitali, hivyo kurahisisha uwekezaji mahali popote.
- 10.6 Mwasilishaji alieleza, namna sekta ya mawasiliano inavyoendelea kuchochea na kurahisisha uwekezaji katika mifuko na huduma binafsi. Taarifa iliainsha kuwa kwa kupiga \*150\*82# au kwa kutumia programu tumizi (UTTAMIS APP) mwekezaji anaweza kufungwa akaunti na kuona uwekezaji wake. Aidha kupitia simu mwekezaji anaweza kuuza na kununua vipande.
- 10.7 Taarifa ya meneja ilieleza kiasi cha Dhamana za Serikali za muda mrefu kwenye soko la awali ni shilingi trilioni 4.3 ikilinganishwa na shilingi trilioni 3.3 mwaka uliopita. Kiwango cha ushiriki kwenye minada hiyo kilipungua hadi shilingi trilioni 4.6 (asilimia 28.1) ikilinganishwa na shilingi trilioni 4.8 mwaka uliopita. Aidha, kiwango kilichokubaliwa na Benki kuu ya Tanzania baada ya mnada kiliongezeka kwa shilingi trilioni 1.2 (asilimia 44.4) hadi shilingi trilioni 3.9. Kwa kipindi cha mwaka mmoja hali ya ushiriki wa wawekezaji kwenye dhamana za serikali za muda mrefu ilipungua ikilinganishwa na ongezeko la ushiriki kwenye dhamana za muda mfupi.
- 10.8 Faida katika dhamana za serikali za muda mfupi zilipungua kwa wastani wa asilimia 3.5 Juni 2023 kutoka asilimia 4.1 mwaka 2022. Ilielezwa kuwa viwango vya riba katika mkopo na faida katika amana vilivyongezeka ikilinganishwa na viwango vilivyonakiliwa mwaka 2022. Aidha viwango vya riba za mkopo katika benki za biashara ni asilimia 16.7 ikilinganishwa na asilimia 16.2 mwaka 2022. Uwekezaji katika amana za benki kwa muda wa mwaka mmoja zilitoa faida ya asilimia 8.2 ikilinganishwa na asilimia 8.0 mwaka uliopita. Viwango vya faida kwenye dhamana za serikali za muda mrefu havikubadilika tangu mabadiliko hayo yafanyike mwezi wanne mwaka 2022.
- 10.9 Taarifa ya meneja ilieleza kwamba katika kipindi cha mwaka mmoja kilichoishia mwezi Juni 2023, viwango vya kubadilisha fedha kati ya Shilingi ya Tanzania na fedha za kigeni vimeendelea kuwa stahimilivu. Thamani ya Shilingi kwa Dola moja ya kimarekani ilikuwa imara na ya kuridhisha, ikisaidiwa na kuwepo kwa hali nzuri kwenye bei za bidhaa na huduma nchini, thamani ya fedha nchini imebaki kuwa imara, ingawa ilipungua thamani kidogo dhidi ya Dola ya Marekani kwa asilimia 1.0 (Tsh 23.4) hadi Tsh 2,339.1 kutoka Tsh 2,315.7 iliyorekodiwa mwaka uliopita.

Ilielezwa pia kwamba uimara wa viwango vya kubadilisha fedha ni muhimu kwa mifuko ya uwekezaji wa pamoja na maeneo mengine ya uwekezaji kwa ujumla kwa sababu husaidia kutunza thamani ya rasilimali ambazo uwekezaji wake upo katika Shilingi ya Tanzania na kuvutia wawekezaji kutoka ndani na nje ya Tanzania.

- 10.10 Ilielezwa kuwa, kwa muda wa mwaka mmoja ulioishia mwezi Juni 2023 kumekuwa na viashiria chanya. Tuliona utoaji wa hatifungani mbili mpya za benki ya taifa ya biashara (NBC-Twiga) na benki ya biashara ya Kenya (KCB-Fursa Sukuk) zilizofanikiwa kufanya vizuri kwani jumla ya shilingi 49.9 zilipatikana. Pia mwezi Novemba 2022, Shirika la Watumishi Housing (WHI) lilizindua Mfuko wa uwekezaji wa Pamoja unaoitwa Faida (Mfuko wa Faida) ambao ulifanikiwa kuvutia wawekezaji na hadi Disemba mfuko ulinakili shilingi bilioni 7.9. Ushiriki katika soko la mtaji na dhamana kwa wawekezaji wa ndani na nje umeimarika kutokana na umma kupata uelewa kuhusu uwekezaji na matumizi ya mifumo ya kidigitali. Taarifa ilieleza kiwango cha ushiriki kwenye eneo la hatifungani za serikali na binafsi kwa mwaka ulioishia Juni 2023, kiwango hicho kimeongezeka licha ya faida kuwa ya wastani. Jumla ya dhamana za serikali kupitia soko la upili imeongezeka kwa shilingi trilioni 0.1, sawa na ongezeko la asilimia 3.1, hadi shilingi trilioni 3.3 kutoka shilingi trilioni 3.2 mwaka uliopita. Jumla ya thamani za Hatifungani za kampuni binafsi iliongezeka kwa shilingi 0.1, sawa na asilimia 2.5 kutoka shilingi bilioni 0.8 Juni 2022 hadi shilingi bilioni 0.9 mwaka huu. Kuongezeka kwa kiwango cha Hatifungani hizo kulitokana na kuorodheshwa kwa hatifungani mpya za SUKUK na Twiga mwezi Desemba 2022. Hatifungani za kampuni binafsi kwa sasa ni; Jasiri bondi iliorodheshwa na benki ya NMB yenye ukomo wa miaka 3 na kiwango cha faida ya asilimia 8.5 kwa mwaka. Fursa Sukuk bondi iliorodheshwa na banki ya KCB yenye ukomo wa miaka 3 na kiwango cha faida ya asilimia 8.75 kwa mwaka, Twiga bondi iliorodheshwa na benki ya NBC yenye ukomo wa miaka 5 na kiwango cha faida ni asilimia 10 kwa mwaka na bondi ya miaka 5 ya Shirika linalotoa mikopo ya nyumba kwa benki nchini (TMRC) iliorodheshwa kwa awamu kwa asilimia 10.48 na asilimia 11.79.
- 10.11 Meneja alitoa taarifa kuimarika kwa soko la Hisa hadi kufikia tarehe 30 Juni 2023, kulikuwa na kampuni 28 zilizoorodheshwa kwenye Soko la Hisa la Dar es Salaam (DSE) zenye mtaji jumla ya shilingi trilioni 15.0, ukubwa wa mtaji wa soko ulipungua thamani kwa kwa takribani shilingi trilioni 0.6 ikilinganishwa na shilingi trilioni 15.6 zilizorekodiwa mwaka uliopita. Vilevile, katika kipindi cha mwaka ulioishia Juni 2023 shughuli za kibiashara katika soko la hisa zilipungua, hii inadhihirishwa na kupungua kwa mauzo kutoka

shilingi bilioni 126.6 hadi shilingi bilioni 107.6 ambayo ni sawa na shilingi bilioni 19.0 (asilimia 15.0). Fahirisi ya Hisa kwa kampuni za ndani za nchi (TSI) ziliongezeka kwa asilimia 4.1 hadi kufikia 4,091.8 huku Fahirisi ya Hisa zote (DSE) ikipungua kwa asilimia 4.0 hadi 1,800.0. Alibanisha kuwa kampuni zilizolipa gawio kwa kipindi cha mwaka mmoja ni TCC (Tsh. 670.0), Twiga ( Tsh.390.0) , TBL(Tsh.290.0), benki ya NMB (Tsh.286.0), SWISS (Tsh. 42.0) na benki ya CRDB (Tsh. 45.0) kwa kila hisa. Hivyo basi, kwa wawekezaji wa aina yote waliowekeza kwenye kampuni tajwa walipata gawio sawa na maelezo hapo juu.

- 10.12 Taarifa iliendelea kueleza kuwa, hadi kufikia kipindi cha mwaka mmoja ulioishia tarehe 30 Juni 2023, jumla ya rasilimali kwenye mifuko ya uwekezaji wa pamoja inayosimamiwa na Taasisi ya UTT AMIS imefikia shilingi bilioni 1,535.4 kutoka shilingi bilioni 996.5. - 10.13 Taarifa ya Meneja ilimalizia kwa kuwahakikishia wawekezaji kwenye Mfuko wa Hatifungani kuwa UTTAMIS itaendelea kubuni na kuvumbua fursa stahiki za uwekezaji kadri zinavyojitokeza katika soko ili kuongeza mapato na faida kwa wawekezaji lengo ikiwa ni kuvuka matarajio ya wawekezaji kwa ajili ya maendeleo yao na Taifa kwa ujumla.

## 11:2 Majibu na Ufafanuzi kwa Maswali na Hoja za wawekezaji

- 11.2.1 Mwakilishi wa UTTAMIS alianza kwa kufafanua kuwa kwa kawaida katika uanzishaji wa mifuko sheria inataka lazima pawe na mkataba ambao una husisha pande tatu ambapo upande wa kwanza ni meneja wa mfuko ambao atasimamia huo uwekezaji kama UTTAMIS tunavyofanya, upande wa pili ni mwangalizi wa Mfuko ambaye sheria inataka lazima iwe ni Benki na upande wa tatu ni mwekezaji ambao atasoma ule mkataba na kukubaliana na vipengele vilivyomo kabla ya kufanya uwekezaji. Aliendelea kueleza kuwa nyaraka hizi huwa zinatayarisha wakati mfuko unaanza, hivyo kunakuwa na waraka wa makubaliano (trust deed) lakini pia tunakuwa na waraka wa toleo (offer document). Mwakilishi aliendelea kuongeza kuwa hizi nyaraka zipo na wakati tunaanza mfuko zinatolewa kwa umma na mara zote tunashauri kila mwekezaji azisome kabla ya kuwekeza. Aliendelea kuelezea kwamba nyaraka hizi zipo kwenye tovuti ya UTTAMIS.
- 11.2.2 Mwakilishi wa UTTAMIS aliwaeleza wawekezaji kwamba faida za soko lote la fedha kwa mwaka huu wa fedha ambao unaishia June 2023 zimeshuka, akaendelea kusema hali kama hizi huwa zinatokea kulingana na maendeleo ya soko na ni hali ya kawaida kabisa na wala wawekezaji hawana sababu ya kuwa na uwoga. Mwakilishi akaendelea kueleza kwa wawekezaji wasiwe na hofu hii faida ya asilimia 12.3 iliyopatikana ni nzuri sana ikilinganishwa na kiwango linganifu na soko. Mwakilishi aliendelea kujibu swali kuhusu gharama za uendeshaji wa mifuko akieleza kuwa gharama za uendeshaji hazikuchangia kushuka kwa faida ya mfuko. Sheria na kanuni za uendeshaji wa mifuko ya uwekezaji wa pamoja Tanzania ina mlinda sana mwekezaji na ndio maana unakuta zile gharama zimepewa kikomo yaani kuna mahali gharama zikifika meneja haruhusiwi tena kuongeza gharama kwenye mfuko kwa maana ya kwamba ni lazima azilipe yeye mwenyewe.
- 11.2.3 Mwakilishi wa UTTAMIS aliwaeleza wawekezaji kuwa kwa sasa mwelekeo ni mzuri na tuna matumani kuwa mwaka ujao yaani 2023/24 hali itakua nzuri zaidi.
- 11.2.4 Mwakilishi wa UTTAMIS aliwaeleza wawekezaji kwamba taarifa ya hesabu iliyoko kwenye taarifa ya mwaka ya mfuko wa Hatifungani inafupishwa lakini kama Mwekezaji atahitaji taarifa nzima, zinapatikana na zimewekwa kwenye tovuti ya UTTAMIS.

- 11.2.5 Mwakilishi wa UTTAMIS alieleza kwamba jitihada kubwa za kupunguza muda wa malipo baada ya ununuzi wa vipande yaani repurchase zinafanyika. Mwakilishi aliongeza kuwa maboresho zaidi yatafanyika kadiri mfumo wa kifedha na malipo itavyokuwa na ufanisi zaidi.
- 11.2.6 Mwakilishi wa UTTAMIS aliwaeleza wawekezaji kwamba taarifa zote zinazoelezea gawio zipo sawa, alianza kuelezea ukurasa wa 31 taarifa ya mapato na matumizi, alisema kuwa hapa tunachukua gharama za gawio zote zilizolipwa na zile ambazo zimetengwa kwajili ya malipo lakini hazijalipwa, katika ukurasa wa 34 taarifa ya mtiririko tunachukua gawio lililolipwa tu, na kwenye taarifa ya meneja ni gawio lililolipwa kwenda kwa wawekezaji.
- 11.2.7 Mwakilishi wa UTTAMIS aliwaeleza wawekezaji kuwa kukosekana kwa Dola za Marekani hakuna uhusiano na kuathirika kwa faida kwasababu mifuko yote ina wekeza kwa pesa ya Tanzania.
- 11.2.8 Mwakilishi wa UTTAMIS aliwaeleza wawekezaji kwamba mkaguzi alipatikana kwa kushindanishwa kwenye zabuni na tunaendelea nae maana anafanya kazi nzuri.
- 11.2.9 Mwakilishi wa UTTAMIS aliwaeleza wawekezaji kwamba mapato yanapopatikana, gharama zote zinatolewa halafu faida wanapewa wawekezaji, akaendelea kwa kusema mfano kwa mwezi faida ya asilimia 1.02 ikipatikana, hapo asilimia 1 tunatoa kama gawio kwa wawekezaji halafu asilimia 0.02 inabaki kwenye mtaji wako. Kwahiyo, bilioni 4.5 ndiyo ilikuwa ongezeko la mtaji na imebaki kwenye mtaji wako.
- 11.2.10 Mwakilishi wa UTTAMIS aliwaeleza wawekezaji kwamba taratibu na miongozo ya uendeshaji wa mifuko hairuhusu utoaji wa fedha badala ya chakula katika mikutano.
- 11.2.11 Mwakilishi wa UTTAMIS alieleza kua elimu ya uwekezaji kwa ujumla kwa Tanzania haina muda mrefu sana, lakini jitihada kubwa zimeelekezwa katika utoaji wa elimu ya fedha na uwekezaji kwa wananchi na vijana vya umri.
- 11.2.12 Mwakilishi wa UTTAMIS alipokea pongezi kutoka kwa mwekezaji juu ya uwazi wa taarifa tunazotoa kwa wawekezaji wetu na umma kwa ujumla.
- 11.2.13 Mwakilishi wa UTTAMIS alipokea pongezi kutoka kwa mwekezaji na kuongeza kuwa jitihada zitaendelea kufanyika ili kupata faida nzuri zaidi.
- 11.2.14 Mwakilishi wa UTTAMIS alipokea maoni kuhusu aplikesheni ya UTTAMIS kuweza kutumika nje ya nchi kwa diaspora na kuhaidi kuyafanyia kazi kwa kuwawezesha diaspora kufatilia uwekezaji wao na kufanya uwekezaji katika mifuko ya UTTAMIS bila kupata changamoto yoyote.

We thank you for making time to attend the AGM that will discuss developments of the Scheme for the financial year ended 30 June 2024, get replies to any queries you might have and listen to very interesting speakers who will raise our level of understanding of the ever-changing landscape of financial investment.

As new Chairman of the UTT AMIS Board of Directors, please allow me to record my profound appreciation to Her Excellency, Samia Suluhu Hassan, the President of the United Republic of Tanzania, for appointing me to lead the Board of Directors of UTT AMIS. My appreciation also goes to Honourable Dr Mwigulu Lameck Nchemba (MP), the Minister of Finance, the Permanent Secretary Treasury, Dr. Natu Mwamba and the Treasury Registrar, Mr. Nehemiah Mchechu, for the guidance I received following my appointment to the Chairmanship. I also thank you investors into Bond Fund for your confidence in the Fund. As I take over from the previous Chairman, Mr. Casmir Sumba Kyuki, please allow me to record my appreciation for his outstanding leadership of the UTT AMIS Board of Directors. My brother, Kyuki, has steered UTT AMIS from a small organisation to one of the leading organisations in the capital market in Tanzania and the region at large. I, again, thank him for an outstanding tenure and wish him good health and the very best in his future endeavours.

Dear Investors, as we all know, UTT AMIS is a unique wealth creation public institution which was formed by our responsive Government way back in 2003 with several aims including development of collective investment schemes and encouraging saving and investment culture through wide participation in the ownership of distributed shares / units, among others. Indeed, over 20 years of the existing in different formats, a lot of wealth has been created and distributed for investors. It is a pleasure to communicate with my fellow investors who have tasted the joy which comes from the passive investment which enables us to make money while we are sleeping or taking care of other life activities. One wise seasoned successful investor, Warren Buffet – CEO of Berkshire Hathaway in the USA, once quipped that “if you don't find a way to make money while you sleep, you will work until you die”. I sincerely therefore applaud each investor for the wise decision you took to trust and invest your money in various UTT AMIS funds. As this report will clearly demonstrate, our UTT AMIS is well run by very competent management and staff who are supervised judiciously by various public institutions. Given this level of commitment and supervision, it came by no surprise that UTT AMIS emerged as an overall winner of the most efficiently run public institution in the Country. On behalf of you all, I was privileged to receive a trophy from HE the President, Dr. Samia Suluhu Hassan, in Arusha during the Chairmen and CEOs Forum on 28 August 2024.

Ladies and Gentlemen, it is my belief that you have been following developments of the Fund and that you have received and reviewed the Report of the Scheme for the year ended 30 June, 2024. I am happy to report that the performance of the Fund for the year under review was very good. Returns to investors have exceeded their performance benchmark with annualised return of 12.5% compared to 12.3% recorded in the previous financial year. The rate of return achieved is in line with market development and higher than the benchmark return of 12.3%. During the year under review, the Fund increased in size from Shillings 423.6 billion on 30 June 2023 to Shillings 670.3 billion on 30 June 2024. The increase is mostly attributed to good returns, automation of investment processes and growing public confidence and awareness on the benefits of investing through collective investment schemes.

## Performance of the Economy and Market Environment

Ladies and Gentlemen, despite risks emanating from geopolitical tensions and wars around the World, performance of the Tanzanian economy has continued to improve as it grew by 5.1% in 2023 and is projected to grow by 5.4% in 2024. This compares favourably with average growth of 3.4% in 2023 and 3.8% in 2024 of the Sub-Saharan African countries as projected by the International Monetary Fund. As per the Bank of Tanzania reports, inflation was 3.1% in June 2024 against the target of not more than 5% and the East African countries target of not more than 8%. Over the last one year, market interest rates have remained around same levels indicating overall stability of the market. As for the foreign exchange market, the Tanzanian Shilling depreciated by approximately 12.86% against the US Dollar mostly due to changing policies in the United States of America and effects of geopolitical tensions and the ongoing wars in Asia.

Regarding capital market development, quite good progress was noted during the year under review. A number of new listings of debt securities were made while prices of listed shares improved as reflected through the increase of the Tanzania Share Index (TSI). During the year, TSI increase by 9.37% from 4,091.81 on 30 June 2023 to 4,475.20 on 30 June 2024. This compares favorably with the previous financial year where the increase of the TSI was 4.16%. This indicates that performance of listed companies was better during the financial year under review and that business environment has continued to improve. We thank the President, Her Excellence Samia Suluhu Hassan and the Government for maintaining conducive business and regulatory environment in the Country.

## **Managed Funds Performance and other Developments**

Ladies and Gentlemen, as regards performance for the financial year ended on 30 June 2024, performance indicators show that UTT AMIS and the funds under management performed very well. Funds under management increased from Shillings 1.5354 Trillion on 30 June 2023 to Shillings 2.2382 Trillion on 30 June 2024. This indicates an increase of Shillings 702.8 billion which is 45.7% compared to increase of Shillings 538.9 billion or 54.0% in the previous financial year. Growth in fund size is also supported by the increase in the number of investors in the schemes that went up by 79,519 or 32% compared to 47,480 or 24% in the previous financial year. For the year under review, returns to investors in all the funds under management were very good – as pointed out earlier, Bond Fund had a return of 12.5%.

Ladies and Gentlemen, during the year under review, the Company continued with the final phase of implementation of the five years Strategic Plan to June 2024. The Company also worked on a new Strategic Plan for the next five years. The New Plan is intended to make UTT AMIS one of key players in the capital market in Tanzania and the East African region. To align with Government planning cycle, the Plan will be reviewed in the 2024/2025 financial year so that it ends in June 2030. From the Plan, some of the strategic goals include growing fund size from Shillings 2.2 trillion currently to Shillings 7.5 trillion, and increasing the number of service centres to bring services closer to investors in Tanzania, the East African and Southern African Development communities. Moreover, the Plan indicates that service delivery will mostly be technology driven with minimum or no paperwork. To prepare for implementation of the new Strategic Plan, during the financial year, the Company started working on upgrading of systems so as to enhance computing capability and accommodate higher volume of business. The upgrade project is planned for completion in the twelve months.

## **Prospects for the Financial Year 2024/25**

Ladies and gentlemen, the five years of implementation of UTT AMIS Strategic Plan to 2024 have been extremely successful and beyond what was initially projected. For instance, fund size was projected to grow from Shillings 290.74 billion on 30 June 2019 to Shillings 485.90 billion but later revised Shillings 1,007.90 billion on 30 June 2024, however, actual fund size on that date was Shillings 2.2 trillion. This indicates that actual performance was more than four times the initial projections and more than double the revised projections.

As we get into the first year of the new Plan, the Company intends to complete upgrade of systems to lay the groundwork for the next phase of growth of UTT AMIS business. Moreover, the Company will continue working on priorities including improving existing products and services and identifying new business lines for the benefit of investors, shareholders and other stakeholders. UTT AMIS will also continue working on modernization of operations and ensuring that investors obtain the best returns that the market may provide. It is our intention to make UTT AMIS one of important vehicles for not only wealth creation and management but also generational wealth.

During the Chairmen and CEOs Forum in Arusha, HE President of the United Republic of Tanzania, Dr. Samia Suluhu Hassan, instructed the parastatals which have the capability to venture to go out of Tanzania to look for more economic and profitable opportunities. As UTT AMIS embarks on implementation of the Strategic Plan for the next five years, we intend to reach more investors in Tanzania, East Africa and SADC countries. In fact, the Company has been following market developments in the two regional economic communities for a number of years now. Preliminary indications are that some of these countries have very interesting opportunities. We will enhance our efforts in analysing the new markets so that entry decisions could be made timely. Given the strategic plan goal of expanding the fund size, it is imperative that every opportunity must be seized. Because you already know the benefits of investing your hard-earned cash with UTT AMIS, we request you to be effective ambassadors of passing a word of mouth to your family members, friends and colleagues. In order to empower you for this task, we have a question and answers session as well as presentations, discussions and talks from seasoned experts in this field. Luckily, all the interesting speakers who have accepted to share their expertise are seasoned fellow investors in various UTT AMIS products.

## Acknowledgements

Ladies and Gentlemen, to conclude, I wish to thank you, esteemed investors for your unwavering support and confidence in UTT AMIS and Bond Fund during the year under review. My special appreciation to the Government, represented by the Ministry of Finance, the Office of Treasury Registrar, the Capital Markets and Securities Authority, the Custodian of the funds under management – CRDB Bank, the Dar es Salaam Stock Exchange including Brokers, UTT AMIS members of staff and all stakeholders who supported the Company during the year. # Fund Manager's Message to the Scheme Members

Bond Fund is an open-ended fixed income fund that invests in Treasury Bonds, listed corporate bonds, and money market investments. The Fund was launched in September 2019. The Scheme offers investment options under three plans: (a) Reinvestment Plan; (b) Monthly Income Distribution Plan; and (c) Semi-annual Income Distribution Plan.

The Scheme requires an initial investment amount of TZS 50,000 with the subsequent amount, not below TZS 5,000. It also offers the flexibility of withdrawing money as and when required without any exit load and thus proves to be a competitive investment opportunity for investors.

## 1.0 Fund Size and Net Asset Value (NAV) per unit

As of 30<sup>th</sup> June 2024, the Scheme fund size was TZS 670.3 billion. During the financial year, the Scheme fund size grew by TZS 246.8 billion compared with the growth of TZS 203.8 billion recorded in the prior financial year. The NAV per unit increased by TZS 14.3 to TZS 118.1 compared with the growth of TZS 14.0 per unit recorded in the previous financial year. During the period, the Fund also successfully paid Income Distribution (ID) amounting to TZS 28.2 billion which is equivalent to TZS 12.0 per Unit.

## 2.0 Portfolio Composition

**Chart II: Portfolio Composition for Bond Fund as of 30<sup>th</sup> June 2024.**

From Chart II, it can be seen clearly that Treasury bonds of various tenures accounted for the largest share of the portfolio by 89.5% to take advantage of higher yields and stable cashflows, followed by call account (9.7%) and fixed deposits for 0.8%.

### 3.0 Returns

The Scheme's annual return for the financial year that ended in June 2024 was 12.5% compared with benchmark return of 12.3% (refer to Table I) and the previous year return of 12.3%. Being an income-distributing fund, the Scheme was able to pay income distribution every month of TZS 1.0 per unit, making a total of TZS 12.0 per unit.

Table I and II below shows the movement of returns where one can see the current and the previous years' performance. The table also, indicates that the returns for the financial years were above their respective benchmark and competitive when compared with similar or comparable instruments in the market (refer to table I).

**Table I: Annual Returns and Fund Size for Bond Fund from June 2021 to June 2024**

Note: Benchmark; (10 years Treasury Bond Weighted Average Yield).

For comparison, we look into 10 years Treasury bond yields, 364 days Treasury bills, and Savings deposit rates in the markets as shown in Table II;

**Table II: Comparable Instruments in the Markets [Annual Basis]**

10 Years Treasury bond	11.5%	10.3%	11.1%	12.3%

Savings deposit rate	2.2%	1.5%	1.6%	2.8%

Source: BOT

Apart from the rate of return shown above, the other major differences that one needs to consider while comparing Bond Fund with savings deposit rates in the markets are;

- No entry or exit load in Bond Fund.
- Bond Fund returns are net of tax.
- Bond Fund is an open-ended fund providing liquidity throughout the year with no limit on the minimum balance required to earn return. So, returns from Bond Fund are the same across all types of investors (whether small, medium, or high net worth).
- Investing in Bond Fund is almost like having the ease of a savings deposit account coupled with the power of return over and above a savings account.
- Other instruments have a fixed tenure and if there is an emergency, it entails discounting of these instruments likely at lower value.
- Flexibility in subscription and withdrawals, so one can buy as well as sell units on any business day.

## 4.0 Economic Indicators

### 4.1 Gross Domestic Product (GDP)

Measured through GDP, the economy grew by 5.1% in 2023 compared with 4.7% in 2022, driven by agriculture, construction, mining and other sectors. For the year 2024, the economy is projected to grow by 5.4% indicating that the Country has built resilience against disruptions caused by ongoing wars, geopolitical tensions and changing policies in international financial markets. Favourable business conditions and public investment in infrastructure contributed to the growth of the economy. The growth outlook is important for UTT AMIS-managed schemes and the entire economy since it provides indications on future prospects as regards performance of the funds.

**Table III: Year-on-Year Real Gross Domestic Product (GDP) Growth Rate**

Year	2018	2019	2020	2021	2022	2023	2024
GDP	7.0%	7.0%	4.8%	4.9%	4.7%	5.1%	5.4%*

\* Projected data, GDP; Source: NBS and Bank of Tanzania (BOT)

### 4.2 Inflation Rate:

The table below (Table IV), shows that the inflation rate has remained below 5.0%. According to the Monetary Policy Statement issued in July 2024, the rate has been within the EAC and SADC convergence criteria of 5.0% as the rate in June 2024 and June 2023 was 3.1% and 3.6% respectively. The observed trends of the inflation rate were mostly a result of adequacy of food supply, complemented by prudent monetary and fiscal policies implemented during the period.

Over the medium-term period of 3 to 5 years, inflation is projected to evolve within the target of 5.0%. Hence, having low and stable inflation in the economy is favorable to investors, UTT AMIS, and the economy at large, as it helps in preserving value of invested funds and enables investors keep extra cash for investing.

### 4.3 Banking Sector

During the financial year that ended in June 2024, the banking sector, which constitutes the largest segment of the financial services sector, remained sound, stable, and profitable, with adequate capital and liquidity. Total assets increased by TZS 8.3 trillion to TZS 62.0 trillion in June 2024 from TZS 53.7 trillion in the previous year, mainly driven by growth of deposits. Total customer deposits size rose by 13.7% moving from TZS 35.7 trillion to TZS 40.6 trillion while total loans and bills reached TZS 37.4 trillion compared with TZS 31.5 trillion in the previous year.

On digital banking channels, the reliability of payment systems remained stable, evidenced by a high rate of completed transactions and low downtime, encouraging public usage of the platform in financial services delivery. Moreover, in 2023 the volume and value of Wallet to Bank (W2B) transactions were 6.6 million and TZS 2.7 trillion respectively, reflecting an increase of 34.1% and 25.2% from the prior year.

The stability of the banking sector is important to the schemes and investors as it facilitates economic activities and smoothens subscriptions into the funds. UTT AMIS has successfully integrated systems with a number of commercial banks to enable investors buy units digitally at their convenience.

#### 4.4 Telecommunication Sector

In the telecom market, subscriptions have increased by 11.5 million to 75.5 million in June 2024 compared with an increase of 7.8 million noted in a similar period of the previous year. Either, the subscriptions volume represents the count of all registered active sim cards used at least once in the past three months. Mobile money subscriptions (active sim cards with mobile money service accounts) have also increased by 18.0% moving from 47.2 million to 55.7 million in June 2024.

The volume of subscriptions for the sale of units received by UTT AMIS through the mobile phones was 47.4 billion in 2024 compared with 25.4 billion received in 2023.

For UTT AMIS, the growth of the Telecom sector has positive impact on service delivery as it has enhanced self-service, improved convenience and reduced paper work. Through mobile devices, investors can easily open accounts, buy or/and sell units, and view investment balances or activities by dialing \*150\*82# or using the UTTAMIS App. In addition, UTT AMIS is considering to increase the withdrawal amount through the mobile platform from the current value of TZS 2.0 million to 5.0 million per day.

#### 4.5 Government Securities

During the financial year that ended in June 2024, the demand for treasury securities in the primary market was higher compared to the volume registered in the previous year.

In the Treasury bills market, the amount offered went down by TZS 0.6 trillion to TZS 2.7 trillion. However, on the demand side, the volume tendered went up by TZS 0.7 trillion to TZS 4.3 trillion from TZS 3.6 trillion in the prior year. Total successful bids increased by TZS 0.1 trillion from TZS 2.5 trillion to TZS 2.6 in 2024.

In the Treasury bonds market, a total of TZS 3.3 trillion were offered for sale compared with TZS 4.3 trillion in the previous year. Bids received for the period rose by TZS 0.6 trillion to TZS 5.2 trillion compared with TZS 4.6 trillion in the preceding year. Successful bids during the period decreased by TZS 1.1 trillion to TZS 2.8 trillion from TZS 3.9 trillion in 2023.

Increase in demand for treasury securities signifies an increase in public awareness on investments and savings. Hence, the increase in awareness and participation in the domestic market helps the schemes under management to enhance liquidity and deliver attractive returns to investors.

#### 4.6 Interest Rates

Interest rates charged on loans and those offered on deposits by banks remained broadly unchanged from last year's pricing. The overall lending rate averaged 15.4% and that of one-year loans at 15.8%. The overall and one-year time deposit interest rates were 7.5% and 8.7%, respectively.

The Treasury Bills Overall Weighted Average Rate (WAR) went up to 8.3% in June 2024 from 6.5% in June 2023. The overall interbank cash market rate (overnight) rose to 7.2% from 5.0%. In January 2024, the Bank of Tanzania shifted from targeting quantity of money (monetary aggregates) to targeting interest rates. During the period, the Bank increased the Central Bank Rate (CBR) from 5.5% to 6.0%.

Yields in the domestic market specifically in the treasury bonds market traded at higher levels compared with rates in the preceding year. The upward movement of interest rates or yields have an upward effect on investors' returns and profitability.

#### 4.7 Foreign Exchange Market

As of 30<sup>th</sup> June 2024, foreign reserves were more than USD 5.0 billion. The Bank projected that the reserves are sufficient to cover more than four (4) months of imports. The Shilling traded at TZS 2,640.0 per US dollar compared with TZS 2,339.1 per US dollar in June 2023 indicating depreciation of 12.8% compared with 1.0% in the previous year (Table V). The Bank has taken measures including limiting transaction dollarization between residents who are invoicing, quoting, or making payments using foreign currency. These are expected to reduce the demand for foreign currency, increase foreign reserves and stabilize the domestic currency.

3.2	<p><b>What is inflation and how does it affect the common man?</b></p>	<p>In simple economic terms – <b><i>“Inflation is a rise in the general level of prices of goods and services in an economy over a period of time”</i></b>. When the price level rises, as an effect each unit of a currency buys fewer goods and services.</p> <p>In an economy though there could be many factors which may contribute towards the high rates of inflation or hyperinflation, however one of the prime reasons among them is - the ‘excessive growth of money supply’. When in a country the money supply grows at a faster pace comparative to the rate of economic growth, it provides an easy fuel to the inflationary powers.</p> <p>Globally, the generally accepted indicators to measure inflation are Wholesale Price Index [WPI], Consumer Price Index [CPI], Personal Consumption Expenditure Price Index [PCEPI], and GDP Deflator etc. The Consumer Price Index [CPI] in a country measures prices of a selection of goods and services as purchased by a representing class of consumers.</p> <p>From a common man’s perspective, it is important to understand that the task of checking inflationary conditions in a country is normally vested with the Central Bank. Time and again such monitoring authorities take various measures as they deem fit &amp; proper to effectively manage the pace of inflation in an economy.</p> <p><b>Important Lesson:</b> In a rising inflation economy, keep investing at regular intervals even if the amount is small. By practicing a disciplined systematic investment approach, you can ease off the negative impact of rising inflation on your investments.</p>																																																																														
3.3	<p><b>What is ‘Magic of Compounding’?</b></p>	<p>Simply put, compounding refers to the re-investment of income at the same rate of return to constantly grow the principal amount, year after year. Cumulative fixed deposits are a prime example of compounding at work, wherein the total interest that you get paid for the period is more than the rate of interest multiplied by the period of the deposit.</p> <p>Would you care too much whether your rate of return is 10% or 12%? The fact is that if you did, it would make a big difference to your wealth creation as time progresses. The benefit from compounding arises primarily from the fact that income keeps growing the principal to generate higher absolute returns each year. Higher rates of return or longer investment periods increase the principal amount in geometric proportions.</p> <p><b>The Impact of ‘Power of Compounding’:</b></p> <p>Use the table below, to see the impact of ‘power of compounding’ on one-time investment of TZS 50,000/- and TZS 5,000,000/= with different rates of return and periods.</p> <p><b>Table I.</b></p> <table border="1" data-bbox="432 1294 1453 1603"> <thead> <tr> <th rowspan="2">Interest Rate</th> <th colspan="2">12%</th> <th colspan="2">14%</th> </tr> <tr> <th>50,000/=</th> <th>5,000,000/=</th> <th>50,000/=</th> <th>5,000,000/=</th> </tr> </thead> <tbody> <tr> <td>Principle/Time</td> <td></td> <td></td> <td></td> <td></td> </tr> <tr> <td>1</td> <td>56,000.00</td> <td>5,600,000.00</td> <td>57,000.00</td> <td>5,700,000.00</td> </tr> <tr> <td>3</td> <td>70,246.40</td> <td>7,024,640.00</td> <td>74,077.20</td> <td>7,407,720.00</td> </tr> <tr> <td>5</td> <td>88,117.08</td> <td>8,811,708.42</td> <td>96,270.73</td> <td>9,627,072.91</td> </tr> <tr> <td>10</td> <td>155,292.41</td> <td>15,529,241.04</td> <td>185,361.07</td> <td>18,536,106.57</td> </tr> <tr> <td>20</td> <td>482,314.65</td> <td>48,231,465.47</td> <td>687,174.49</td> <td>68,717,449.36</td> </tr> </tbody> </table> <p>The table II below also shows the benefit from investing TZS 50,000,000/= and TZS 100,000,000/=, to see the impact of ‘power of compounding’ on one-time investment with different rates of return and time periods.</p> <p><b>Table II.</b></p> <table border="1" data-bbox="432 1776 1453 2085"> <thead> <tr> <th rowspan="2">Interest Rate</th> <th colspan="2">12%</th> <th colspan="2">14%</th> </tr> <tr> <th>50,000,000/=</th> <th>100,000,000/=</th> <th>50,000,000/=</th> <th>100,000,000/=</th> </tr> </thead> <tbody> <tr> <td>Principle/Time</td> <td></td> <td></td> <td></td> <td></td> </tr> <tr> <td>1</td> <td>56,000,000.00</td> <td>112,000,000.00</td> <td>57,000,000.00</td> <td>114,000,000.00</td> </tr> <tr> <td>3</td> <td>70,246,400.00</td> <td>140,492,800.00</td> <td>74,077,200.00</td> <td>148,154,400.00</td> </tr> <tr> <td>5</td> <td>88,117,084.16</td> <td>176,234,168.32</td> <td>96,270,729.12</td> <td>192,541,458.24</td> </tr> <tr> <td>10</td> <td>155,292,410.42</td> <td>310,584,820.83</td> <td>185,361,065.71</td> <td>370,722,131.41</td> </tr> <tr> <td>20</td> <td>482,314,654.66</td> <td>964,629,309.33</td> <td>687,174,493.59</td> <td>1,374,348,987.19</td> </tr> </tbody> </table>	Interest Rate	12%		14%		50,000/=	5,000,000/=	50,000/=	5,000,000/=	Principle/Time					1	56,000.00	5,600,000.00	57,000.00	5,700,000.00	3	70,246.40	7,024,640.00	74,077.20	7,407,720.00	5	88,117.08	8,811,708.42	96,270.73	9,627,072.91	10	155,292.41	15,529,241.04	185,361.07	18,536,106.57	20	482,314.65	48,231,465.47	687,174.49	68,717,449.36	Interest Rate	12%		14%		50,000,000/=	100,000,000/=	50,000,000/=	100,000,000/=	Principle/Time					1	56,000,000.00	112,000,000.00	57,000,000.00	114,000,000.00	3	70,246,400.00	140,492,800.00	74,077,200.00	148,154,400.00	5	88,117,084.16	176,234,168.32	96,270,729.12	192,541,458.24	10	155,292,410.42	310,584,820.83	185,361,065.71	370,722,131.41	20	482,314,654.66	964,629,309.33	687,174,493.59	1,374,348,987.19

240	20	759,368,835.99	989,255,365.39	1,301,166,005.06

By now, you've probably figured out the obvious conclusion from the above table. It is literally 'a waste of time and money' to let your wealth lie in low-income yielding investments for prolonged periods of time. You also must realize that **TIME** and **RATE OF RETURN** are the sources of the magic of compounding!!

**Important Lessons:** (1) Look for an investment opportunity, which can offer you comparatively superior returns; and (2) remain invested for a long time to avail the benefit of 'Magic of Compounding'.
